Introducing the RADICAL new CONCEPT that is the **Universities Estates Development Forum**

Easter Special Offer – SAVE £100 per Delegate BOOK NOW

We have been approached by a number of Universities to host a new platform for them in London; where they would be able to both share in best practice from around the country and also reach out to a new audience in order to diversify their supply chains and bring "new blood" into their Universities.

We have therefore created a new one day Universities Estates Development Forum in London that will be held at **Kensington Town Hall**, on **Wednesday 29th April 2015**.

Each University will have an exhibition stand and the opportunity for a 20 minute pitch on stage to all attendees explaining what new and diverse assistance they are looking for, what their future plans are and how the audience can help them. The stands will be manned by the Universities for the majority of the day; providing ample opportunity for business development and best practice conversations.

There is also the opportunity for a limited number of companies to join the event's **"Best Practice Circle"**; this will allow you to have an Exhibition stand for the event and also to have a 10 minute slot on stage to share current best practice from around the University sector in a series of presentations to intersperse those from the participating Universities. This will provide your company with an incredibly effective and targeted opportunity to develop further business in this massive and competitive sector.
