0845 - 0915 Doors Open & Networking

Keynote

0915 - 0945

The All-Party Parliamentary Group on General Aviation promotes the objective of making the United Kingdom the best country in the world for General Aviation, and to stimulate interest in the sector. Their goal is to inspire both current and future generations to take up science, technology, engineering and mathematics, thereby creating high-tech jobs and growth in all nations and regions of our economy. Sir Roger will set the scene for the day with a thought leadership presentation on the future of airports and aviation in the UK and on the sector's post-COVID fightback.
