
Healthcare Estates Development Forum 2018

Time:
24th April 2018
0830 - 1700hrs

Venue:
Kensington Town
Hall, London

Event Overview

The [Next Steps on the NHS Five Year Forward View](#) (5YFV) report issued a few months ago, makes several requests of Estates, Infrastructure, Capital, and Clinical Support Services, including the need to achieve over £100 million in savings in 2017/18 and to dispose of £2bn of surplus assets. The Naylor Report also made several recommendations to encourage and incentivise Trusts to support transformation in the NHS, including the requirement for Trusts to develop affordable estates and infrastructure plans, with an associated capital strategy, to deliver the 5YFV and address the issue of backlog maintenance.

[The Healthcare Estates Development Forum](#) will showcase [Best Practice](#) in the Estates and Facilities environment, and help NHS Organisations to:

- Reduce capital costs.
- Reduce operating costs including energy.
- Acquire alternative sources of funding.
- Attract scarce resources and become a client of choice.
- Design an effective and efficient clinical support provision.
- Dispose of surplus stock at the maximum return to the Trust.
- Deal with backlog maintenance.
- Embrace current and future technological advances, and
- Engage with the leading suppliers in the sector.

The following NHS Organisations are taking part in the Healthcare Estates Development Forum and will be both presenting and exhibiting throughout the day.

- Frimley Health NHS Foundation Trust
- Royal Devon and Exeter NHS Foundation Trust
- St Helens and Knowsley Teaching Hospitals NHS Trust
- Imperial College Healthcare NHS Trust
- Barts Health NHS Trust
- Liverpool Heart and Chest hospital NHS Foundation Trust
- The Clatterbridge Cancer Centre NHS Foundation Trust
