# Greater Manchester Economic Growth Conference 2018

**Time:**  
2<sup>nd</sup> October 2018  
0745 - 1645hrs

**Venue:**  
Manchester Central  
Convention Complex,  
Manchester

---

## Event Overview

The inaugural Greater Manchester Economic Growth Conference takes place at Manchester Central on October 2nd and will address some of the key issues surrounding economic growth within Greater Manchester.

- How do we build a Britain that is fit for the future?
- Building zero carbon communities that embrace sustainable living
- How do we develop the skills needed to grow the economy?
- How do we deliver the housing requirements in order to sustain economic growth?
- Implementing a place based integrated working embracing the vision of 'our people our place'
- The strategy behind the transport infrastructure and energy efficiency
- Inclusive economic growth

Greater Manchester (GM) is one of the country's most successful city-regions and has an economy bigger than that of Wales or Northern Ireland with a vision to make it one of the best in the world through a combination of economic growth, and the reform of public services. The GMCA is made up of the ten Greater Manchester councils and Mayor, who work with other local services, businesses, communities and other partners to improve the city-region. They have worked together voluntarily for many years on issues that affect everyone in the region, like transport, regeneration, and attracting investment.

The GMCA gives local people more control over issues that affect their area. It means the region speaks with one voice and can make a strong case for resources and investment. It helps the entire north of England achieve its full potential.

The GMCA is run jointly by the leaders of the ten councils and the Mayor of Greater Manchester, Andy Burnham.

Built Environment networking is working with The GMCA to bring you this conference and further details will follow shortly

**Our Early Bird tickets will finish on 1<sup>st</sup> September -  
BOOK NOW to avoid disappointment!**
