

Smart Cities Development Conference 2019

Time:
6th February 2019
0800 - 1600hrs

Venue:
The King's Centre,
Oxford

Event Overview

The Smart Cities Development Conference is set to bring public and private sector leaders from across the built environment industry to look at how we can work together to ensure development and regeneration happening across our city regions are smart, sustainable and contribute further to the economic growth of the UK. Through a series of keynotes, panel discussions and development plan presentations we'll delve into innovative schemes and developments which have happened to learn best practice, whilst hearing about the future vision and projects which are set to happen and how they'll help shape the future of development happening. The conference will help the industry align on the key areas of focus whilst connecting leaders and decision makers with the industry to drive smart development in the UK.
