

Programme

Breakfast & Registration 0830 - 0900

Keynote Speaker

Top industry experts will deliver inspirational keynotes to set the tone for the conference – highlighting key challenges and opportunities.

Keynote

ANO

TBC

0900 - 0930

Session 1: Achieving Net Zero Q&A

Leading figures at the forefront of the conversation will share their expert knowledge, with open Q&A from the audience and thought-provoking discussion.

Chair: Available to Sponsor

Green Party; Jonathan Bartley, Co-Leader

Green Alliance; Caterina Brandmayr, Senior Policy Advisor

Siemens; Mark Jenkinson, Head of Sustainable Cities

University of Leeds; Dr Jannik Giesekam, Research Fellow in Industrial Climate Policy

Energy Systems Catapult; Paul Guest, Senior Energy Modelling Analyst

Sustainability West Midlands; Anna Bright, Chief Executive*

0930 - 1030

1030 - 1100 Break & Networking

Session 2: Buildings

What are major developers and blue-chip firms doing to make construction greener and to increase the sustainability of their buildings? In this session we'll find out – with details on how they'll look to develop future projects with net zero at the forefront of their mind.

Chair: Available to Sponsor

South Cambridgeshire District Council; Cllr Bridget Smith, Leader

Canary Wharf Group; Martin Gettings, Group Head of Sustainability

CITU; Chris Thompson, Managing Director

British Land; Juliette Morgan, Head of Campus

1100 - 1215

1215 - 1315 Lunch & Networking

Session 3: Electricity

We will hear from the leadership of car manufacturers, charging point creators, university experts, energy providers and more on how the electrification of our vehicles and infrastructure is essential to cutting our emissions – and importantly how it'll change the way we approach development.

Chair: Available to Sponsor

University of Cardiff; Liana Cipcigan, Co-Director of the Electric Vehicle Centre of Excellence

Engenie; Ian Johnston, Chief Executive

Green Energy UK; Douglas Stewart, Chief Executive

Rolls Royce; Adam Morton, Head of Environmental Technology

E.ON; Darren Gardner, Strategic Account Manager

London Borough of Greenwich; Pippa Hack, Director for Regeneration*

1315 - 1430

1430 - 1500 Break & Networking

Session 4: Industry, Waste and Infrastructure

Some of the biggest contributors to releasing carbon emissions come from the industry, waste and infrastructure sectors, and in this session we'll find out what they're doing to cut waste, how we can make our waste biodegradable, how our infrastructure can be made more eco-friendly and more energy efficient whilst reducing their emissions. We'll also learn about and how this will all contribute towards us achieving net zero carbon emissions by 2050.

Chair: Available to Sponsor

Viridor; Paul Brown, Managing Director of Recycling & Integrated Assets

Peel Environmental; Myles Kitcher, Managing Director

Iona Capital; Mike Dunn, Co-Founder

Hive Energy; Hugh Brennan, Managing Director

Building with Nature; Sarah Turner, Assistant Director

Veolia; Sara Baron, National development Manager*

1500 - 1615

1615 - 1630 - Conference Summary & Conference Close
